Software engineer

Dynamic Junior Front-End Developer with a proven track record at cloud 251, specializing in React and JavaScript (ES6+). Successfully accelerated feature development through a reusable component library and collaborated effectively with backend engineers to deliver production-ready pages swiftly. Strong problem-solving skills complemented by expertise in responsive design and version control.

WORK EXPERIENCE

cloud 251

01/2025 - 02/2025

Junior Front-End Developer

- Developed responsive, accessible UI components using React, JavaScript (ES6+), HTML5, and CSS; created reusable component library that accelerated feature development.
- Integrated REST APIs and collaborated with backend engineers to deliver two production-ready pages in four weeks, enhancing overall project timeline.
- Developed responsive web designs using HTML, CSS, and JavaScript.
- Implemented user interface components based on design specifications.
- Collaborated with team members to troubleshoot and resolve front-end issues.

EDUCATION

B.Sc. in Computer Science

Wachemo University

Hossena • 05/2022 - 03/2026

Relevant coursework: Data Structures & Algorithms, Web Development, Databases, and Software Engineering. Completed hands-on projects building responsive web applications using React, JavaScript (ES6+), HTML5, and CSS; integrated REST APIs and applied component-based design and responsive UI best practices. Capstone: developed a full-stack web application using React and a REST API backend.

SKILLS

Css, Express.js, JavaScript (ES6+), Mongodb, Node.js, React, Version control and Git
